The Oil Factor	SoapQueen presents Apricot Kernel Oil. Kernels sourced in the vast fruit region of Turkey, Apricot offers numerous raw benefits due to the sensitive nature in which it was produced via expeller pressing & light refining. This oil is perfectly suited for those that want a cost effective carrier oil with straight to the point benefits. Traditionally used in face masks & face creams due to its ability to soften the skin & absorb easily.
Functionality	An excellent emollient & easily absorbed into the skin. A cost effective formulation carrier oil. Calms & protects against skin irritation. Aids in relieving skin & scalp irritation, both inflammation and itching. A popular lubricating oil, commonly used in massage for this very reason. A reduced oil-like aroma so it carries most essential oils effectively. We even use the apricot shells (by-product) for a natural exfoliator. Why not combine the two?
