

## DATA SHEET

Rose buds - Rozenknop

**Part Number: 61123 - BEK012**

<b>INCI name:</b>	Rosa centifolia Flower
<b>Synonyms:</b>	Cabbage rose, Provence rose, Rose de Mai
<b>Country of Origin:</b>	Morocco, Iran
<b>CAS Number:</b>	84604-12-6
<b>EC Number:</b>	283-289-8
<b>Status:</b>	100% Pure & Natural

### **General Description**

Rosa centifolia are shrubby plants, growing to 1.5-2 m tall, with double flowers on long drooping canes and greyish green pinnate leaves with 5-7 leaflets. The flowers are large, round and globular, with numerous thin overlapping petals that are highly scented: they are usually pink, less often white to dark red-purple.

### **Common Uses/Applications**

- Decorative component in cosmetic products.
- Manufacture of extracts.

### **Allergens and IFRA**

Contains none of the 26 allergens designated by the EU in European Union Cosmetics Regulation (EC) No1223/2009 Annex III. Does not contain material restricted/prohibited by IFRA and therefore does not require an IFRA statement.

### **Animal Non-Testing Declaration**

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

### **Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)**

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

### **Statement on Genetically Modified Organisms**

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

**The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.**
