Product 'GOS404 Fragrance oil: Cosmetics / Soap / Melts / Candles - Christmas tree / Pine tree - Geurolie: Cosmetica / Zeep / Melts / Kaarsen - Kerstboom / Dennenboom' contains the following ingredients:

0,00 % (Musk) Nitromusk  
0,00 % (Musk) Polycyclic musk  
1,00 % (Musk) Macrocyclic musk

#### Vegan declaration

We have reviewed this product and declare that, to the best of our knowledge, it is suitable for the Vegan diet. Vegan products do not contain animal ingredients (mammalian, poultry, fish, shellfish, mollusk, insects) as well as ingredients derived from animal such as dairy, eggs and bee products or animal enzymes.

#### GMO directly added

(Declaration Limit: 0,01%)

According to the formulation - this fragrance oil does not contain ingredients produced on the basis of genetically modified organisms.

#### Animal testing

We herewith confirm that our fragrances have not been the subject of animal testing by or on behalf of our company.

#### BSE / TSE

(Declaration Limit: 0,01%)

Our fragrances are mixtures of natural (plant origin) and synthetic products. To the best of our knowledge it does not contain any ingredients which may be suspected of BSE / TSE.

#### Heavy metals

SoapQueen does not use any heavy metal for direct addition into fragrances, bases and ingredients. We do not undertake routine analysis on heavy metals and the potential presence of heavy metals in ingredient is of the order of magnitude of unavoidable traces. Based on our experience and to the best of our knowledge, the total quantity of heavy metals that may be present in this product are significantly below the limits defined in applicable regulations.

#### Nanomaterials

We certify, to the best of our knowledge, that this product does not contain any ingredient defined as a nanomaterial according to the article 2 of Cosmetic Regulation 1223/2009.

"Nanomaterial" means an insoluble or biopersistent and intentionally manufactured material with one or more external dimensions, or an internal structure, on the scale from 1 to 100nm.

#### Palm Oil (PO) / Palm Kernel Oil (PKO) statement

This product contains the following ingredients:

0,000 % Palm Oil (PO)  
29,692 % Palm Kernel Oil (PKO)

RSPO Certified Yes  
Certificate No. CU-RSPO SCC-867028  
Supply Chain Model Mass Balance  
Certificate Start Date 16 October 2019

**HICC (Lyrall), atranol and chloratranol**

Please note that Commission Regulation (EU) 2017/1410 of 2 August 2017 amending Annexes II and III to Regulation (EC) No 1223/2009 of the European Parliament and of the Council on cosmetic products has been published in the Official Journal of August 3rd, 2017.

HICC, Atranol and chloratranol have been added to Annex II of the Cosmetic Products Regulation (list of substances prohibited in cosmetic products) with the entries 1380, 1381 and 1382:

- 3-(4-Hydroxy-4-methylpentyl) cyclohex-3-ene-1-carbaldehyde [CAS# 51414-25-6]
- 4-(4-Hydroxy-4-methylpentyl) cyclohex-3-ene-1-carbaldehyde [CAS# 31906-04-4]
- Atranol [CAS# 526-37-4]
- chloratranol [CAS# 57074-21-2]

Commission Regulation (EU) 2017/1410 also deletes the Annex III entry (79) for HICC with application from 23rd August 2021.

The presence of atranol and chloratranol, being natural components of oak tree moss and treemoss extracts<sup>1</sup>, is banned above technically unavoidable traces in good manufacturing practice. As purity requirements for both moss extracts have been established in IFRA Standards since 2009, all products on shelves should be compliant by the entry into force of this regulation.

The transitional periods are the following:

- From 23 August 2019, cosmetic products containing one or more of these substances shall not be placed on the European Union market.
- From 23 August 2021, cosmetic products containing one or more of these substances shall not be made available on the Union market

0,000 %	HICC (Lyrall)
0,000 %	Atranol [CAS# 526-37-4]
0,000 %	Chloratranol [CAS# 57074-21-2]

**BMHCA ban in cosmetics**

0,000 %	BMHCA (Lilial) [CAS# 80-54-6]
---------	-------------------------------

The European Commission has adopted the Delegated Act of the ATP-15 listing BMHCA on Annex VI of the European Union's Classification, Labelling and Packaging Regulation as toxic for Reproduction category 1B. Based on the normal regulatory process, it is estimated that the use of BMHCA in new and existing cosmetic products will be banned in the EU from April 2022.

It is important to highlight that the above-mentioned regulatory events and activities are limited to the EU. The use of BMHCA in cosmetic products outside the EU and in homecare products in general remains unaffected.

**Karanal on the EU - REACH Authorization List**

0,000 %	Karanal [CAS# 117933-89-8]
---------	----------------------------

We would like to inform you that Commission Regulation (EU) 2020/171 of 6 February 2020 amending the REACH Authorization List, with the inclusion of the commonly called karanal (entry 50i), has been published in the Official Journal on 7 February 2020. As usual this Regulation shall enter into force on the twentieth day following that of its publication.

The definitive important dates are now the following:

- The latest application date: 27 February 2022
- Sunset date: 27 August 2023

Therefore, the placing on the market and the use of karanal, (including the use in cosmetic products) will be prohibited from 27 August 2023 onwards.

**REACH**

We declare, to the best of our knowledge, that we are in compliance with our obligations according to the REACH Regulation (EC) No. 1907/2006 and its modifications and updates for the substances contained in the fragrance compound(s)/ingredient(s) delivered to customer.

All substances supplied as well as substances contained in our mixtures are either:

- Registered, or
- Exempted of Registration

Any substances out of scope e.g. exempted substances or substances below the threshold for registration under REACH (<1tpa) are allowed to be used in products without registration in the EU.

The above mentioned information is continuously checked by us and also demanded to our suppliers. We also continue to monitor the ongoing amendments of the Regulation and will update our compliance statements as appropriate.

This data is provided to Customer for its information and internal use only. SoapQueen is not liable for any damages that may result from the misuse of the data. It is Customer's responsibility to perform its own evaluations on the material evaluated herein, including with respect to end-use applications. Any Customer product, marketing or other claims are Customer's sole responsibility. A concentration represented by "0,000" corresponds to <10 ppm.
