The Oil Factor	The No1 selling nut oil. SoapQueen presents the notorious Almond oil - 100% pure. This product is the base of most cosmetic formulations, you simply cannot go wrong with this oil no matter the finished product or formulation. It is stable and has an extensive shelf life, versatile, easy to use & incredibly cost effective. It is a true warrior of our oil range. This oil is perfectly suited for those that want a cheap carrier oil to get their formulation up & running; whether it's a soap, shampoo, massage oil or face cream. Did we mention it's the No1 selling oil in the cosmetic world? It is worth highlighting, this material is according to the BP73 monograph, which includes purity testing, however it does not include sterol analysis.
Functionality	An excellent emollient. Rich in vitamins A, B1, B2, B6 and E. Calms & protects against skin irritation. Aids in relieving skin & scalp irritation, both inflammation and itching. A popular lubricating oil, commonly used in massage for this very reason. A very good carrier to blend with other oils, mainly essential oils. Due to its refined state the profile of the oil does not impact the aroma of the essential oil. Commonly used in baby products due to its sensitive nature on irritated & sensitive skin. It is our most cost effective carrier oil, so you can buy lots of it!
