Pack Sizes	1kg, 5kg, 25kg, 200kg, 950kg
CAS Number	8001-25-0
EINCS Number	232-277-0
Customs Tariff Code	1509 9020 90
The Oil Factor	SoapQueen presents Olive Extra Virgin Oil, Cold Pressed. As you may know Olive oil is not only a nutritious oil for dressing your salads but also great for nourishing your skin. Mediterranean folk have been applying it directly to their skin for decades to deliver the appropriate moisture to their sun tanned skins. It works superbly as an ingredient in your formulation or on its own, although this oil does leave the skin a little greasy when applied on its own, so we recommend adding it into a formulation. Despite its wealthy fatty acid profile, Olive oil contains three major antioxidants; vitamin E, polyphenols, & phytosterols, all of which aid in maintaining skin & hair strength & smoothness. Further to this it contains a compound called Hydroxytyrosol, which helps prevent free radical damage to the skin. This particular grade is unrefined (virgin) & food grade. Very simple to use, a dark green olive colour with a spicy, olive aroma.
Functionality	A rich fatty acid profile. It contains three major antioxidants; vitamin E, polyphenols, & phytosterols. Unrefined/Virgin so full of goodness. Contains the compound Hydroxytyrosol, which helps prevent free radical damage. Food grade.
REACH Status	SoapQueen can confirm that Olive oil - Extra Virgin is exempt as per Annex IV & V according to EU regulations 1907/2006.
