

PRODUCT STATEMENTS

Product Name	Soja olie - Soy oil
Product Code	SQ0200428 - OBW020
INCI Listing	Glycine Soja Oil
Manufacturing Method	SoapQueen can confirm Soy oil is Expeller Pressed & Refined.
Product Status	Pure & Natural.
Origin	SoapQueen can confirm that Soy oil Origin is USA.
CAS Number	8001-22-7
EINCS Number	232-274-4
Customs Tariff Code	1507 9090
The Oil Factor	SoapQueen presents Soy oil. We are pleased to offer you a high grade Soy oil from this oil enriched seed. This oil has successfully made a transition from the food/ nutritional industry to that of the cosmetic & this is for good reason. The oil is rich in essential fatty acids & antioxidants such as tocopherols (vitamin E), amino acids which always naturally helps in maintaining the stability of the oil. The refined version offers you the benefits of Soy oil but without the aroma. There are no limits as to what you can use this oil in, body/face/feet, there is not an area of the body this ingredient will not suit. This particular grade is IP (NON genetically modified) so you do pay a slight premium for this.
Functionality	Rich in Vitamin E (natural tocopherols) & amino acids. Highly stable oil able to withstand high temperatures & odourless so you can blend with any other oils. Highly versatile oil that can be used in a wide range of products. A very cost effective base/carrier oil.
REACH Status	SoapQueen can confirm that Soy oil supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product. We can also confirm that none of the substances on the SVHC candidate list can be verified in a concentration of >0.1% in our product.
Food Status	SoapQueen can confirm that Soy oil IS suitable for food application, only when the appropriate quantity/dilution is used. This material complies with European Food Regulations (i.e. 1881/2006). Please note, if you intend on using this product as a food ingredient we insist you email our Technical Team before doing so for our opinion on the dilution applied to your finished product.
Cosmetic Status	SoapQueen can confirm that Soy oil is suitable for cosmetic application. It is not included in the list of substances prohibited in cosmetic products. Neither does it contain parabens, restricted preservatives, colorants or UV filters (Annex II - VI of EU Regulation 1223/2009).
Kosher	SoapQueen can confirm that Soy oil is not Kosher Certified.
Halal	SoapQueen can confirm this product is NOT Halal certified, however it does not contain any animal derived product or ingredient.
Calif Proposition 65	SoapQueen can confirm to their best of their knowledge that Soy oil does not contain any contaminants or bi-products known to the State of California that may cause cancer or reproductive toxicity as listed under proposition 65 State Drinking Water & Toxic Enforcement Act.
Animal Testing	SoapQueen can confirm that Soy oil has not been Animal Tested for cosmetic purposes by or on behalf of the company, nor has any of its component parts named in the International Cosmetic Ingredient Dictionary & Handbook (11th Edition), 31st December 1990.
Leaping Bunny	SoapQueen can confirm that Soy oil complies with the criteria of the Humane Cosmetics Standard & has not been tested or re-tested on animals for cosmetic purposes by or on behalf of SoapQueen.
Vegan	SoapQueen can confirm that Soy oil is suitable for Vegans.
BSE/TSE Status	SoapQueen can confirm that Soy oil is not derived from Animal Origin, therefore a BSE/TSE statement is not applicable.
GMO (IP) Status	SoapQueen can confirm that Soy oil is not derived/produced from a raw material that has been genetically modified.
Gluten Free	SoapQueen can confirm that Soy oil is not derived from, neither does it contain any Gluten ingredients.
Nanomaterials Status	SoapQueen can confirm with reference to Soy oil that NO Nanomaterials were added at any stage of the manufacturing/production process, in accordance with EU Cosmetics Regulation.
Irradiation Status	SoapQueen can confirm that Soy oil has NOT been irradiated at any stage of production.
Residual Solvents	SoapQueen can confirm that NO solvents or preservatives were used in the production of Soy oil.
