

DATA SHEET

Lip balm base - 100% natural - lipbalsem basis - 100% natuurlijk

Part Number: 20111 - OBW012

General Description:

A blend of Sunflower Oil, Shea Butter and Beeswax, with the addition of anti-oxidant, Vitamin E to help prevent rancidity, designed to have flavours added to create moisturising lip balms.

Instructions For Use & Suggested Usage Levels:

Suitability of additives for use in lip balms should be checked. Gently heat the iBase Lip Balm (N) to approx. 50°C to soften. Then stir in the perfume, essential oil, dye or anhydrous additive until uniform. Discharge into suitable moulds or packaging, as soon as possible, whilst molten and allow product to solidify for 24 hours.

	Suggested %	Recommended max %
Veg/seed oils	-	5 [^]
Essential oils /fragrances	0.5*	1.0* [^]

* Dependent on the actual IFRA

[^] Higher levels may be used but testing would definitely be required

NB: All bases have been stability tested as sold. SoapQueen recommends that you stability/ compatibility test the finished product in the actual finished product packaging before placing on the market.

Origin:

SoapQueen certifies that to the best of their knowledge the above product was manufactured in the UK.

Allergens and IFRA

Contains none of the 26 allergens designated by the EU in European Union Cosmetics Regulation (EC) No 1223/2009 Annex III. Does not contain material restricted/prohibited by IFRA and therefore does not require an IFRA statement.

Animal Non-Testing Declaration

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

Statement on Genetically Modified Organisms

SoapQueen confirms to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
