

## Declaration

---

### Cosmetic safety

**Product** Natrium Hydroxide - micro parels - cosmetisch - Sodium Hydroxide - micro pearls - cosmetic - OGR02  
**Document date** 11-11-2021

---

Sodium Hydroxide - micro pearls - cosmetic is compliant with Regulation (EC) No 1223/2009 on cosmetic products as well as Commission Regulation (EU) 2017/1410 amending Annexes II and III to Regulation (EC) No 1223/2009 and Commission Regulation (EU) 2019/831 amending Annexes II, III and V to Regulation (EC) No 1223/2009.

Sodium Hydroxide - micro pearls - cosmetic

- does not contain any prohibited substances included in Annex II of these Regulations. Traces of heavy metals can be present in the above-mentioned products. They are technically unavoidable in the manufacturing process and have not been intentionally added during the manufacturing process.
- does not contain any substances, including cosmetic allergens, listed in Annex III of these Regulations.
- is manufactured without using substances classified as carcinogenic, mutagenic or toxic to reproduction (CMRs)
- does not contain UV filters, preservatives or colorings.
- has not been tested on animals by or on behalf of Nobian for any reason.
- is free from nanoparticles. No nanotechnology is applied in its production processes and nanoparticles are not expected to be formed. Nanoparticles are neither used as raw material nor added intentionally during the whole manufacturing process of above-mentioned products.

#### Note

To the best of its knowledge, SoapQueen declares this declaration to accurately describe the product's physical, chemical and/or manufacturing process attributes. SoapQueen does not make any warranty as to the suitability of its products for any application. The manufacture of this product (incl raw materials, production process and final product) and sales are controlled under the certified ISO 9001 quality system.
