

MATERIAL SPECIFICATION

Bentonite Clay - Food Grade - Bentoniet Klei - Food Grade

Part Number: 70212 - OGR13

Analysis Description	Minimum Value	Maximum Value	Description
Appearance			V fine homogenous powder
Colour			Cream/greyish
Identification			Complies with monograph
Loss on drying (%)	0.0	15.0	
Coarse Particles %	0.0	0.5	
Swelling power (ml)	22		
Sediment volume (ml)	0.0	2.0	
Heavy Metals ppm	0.0	50.0	
Alkalinity			Decolourises in 5 mins

Document Date: 13/04/19

Shelf Life: 60 Months

Revision: 0

Revision Date: 26/06/14

Shelf life of this product depends very much on storage conditions, particularly temperature and exposure to light and air. Shelf life must be considered as subjective; the shelf life given here is based on the best of our knowledge and experience of the material when stored under recommended conditions, see SDS, in original unopened containers. Due to the natural ingredients contained in many of our products, there may be a slight batch to batch variation in the colour, odour or consistency. However, we ensure that this does not affect the quality and efficacy of the products in any way.
